INTRODUCTION

The Master of Science in Education Management is a two-year programme intended to provide a strong foundation in educational research and at the same time, provide other course units relevant for the successful management of schools and other educational institutions.

FOR WHO?

- Education managers
- School owners
- Principals
- Teachers seeking growth in the education sectors such as Registrars, University Admission etc
- Education analysts
- Policy makers
- People involved in the education sector in governmental and non-governmental organisations

MODE OF STUDY

Intake: April and August
Time: Classes are all day. (8 a.m - 5 p.m.)
Duration: 2 years
Attendance: Modular (April, August, and December)

Student Testimonial

“It has improved my outlook on how to manage institutions and trainings I undertake. I have also benefited from learning how to relate with my students, how to teach and how to organize my work. Strathmore believes in quality and getting what you deserve. There are no short-cuts about it. I got the drive to achieve more when I completed my programme at Strathmore. I had more desire to learn and now I’m pursuing a PHD programme. Professionally, I can say I have grown in my career. I would fully recommend the programme to teachers, educational managers because it gives a lot of insight on how to bring change to organizations.”

James Agengo, MSc.EM
EXPECTED OUTCOMES

1. **Competitive skills:** Strathmore aims to help you develop leadership skills, which will be useful in the world of work. Your investment will have a high return in terms of your competitive advantage.

2. **Realistic approach:** You will adopt a reflective, analytical, participative approach to education and consequently to your career.

3. **Great counsel:** Our lecturers and coaches are experts in their respective fields and they will be a resource to help you develop a new perspective and see new opportunities.

4. **Powerful networks:** You will learn from and alongside diverse, talented classmates as you share a transformative journey together. As such, you will develop a network of friends and contacts that will last a lifetime.

5. **Exceptional learning experience:** You will acquire skills to take on any challenge and think critically backed by solid fundamental knowledge. As a result, you will gain hands-on-experience to tackle real life.
