Bachelor of Business Science in Actuarial Science

Strathmore University
Strathmore Institute of Mathematical Sciences

Achieve excellence in your chosen profession
Bachelor of Business Science: Actuarial Science

The Bachelor of Business Science Actuarial Science degree offered at Strathmore is benchmarked to the Institute and Faculty of Actuaries (IFoA) in the UK curriculum. This is an internationally recognized degree that is well regarded by industry. The degree is for a high-achieving student looking for a foundation to enter the actuarial profession. If you have a passion for Mathematics, and like to analyze data to solve business and financial problems, this is the course for you.

CAREERS

Actuaries analyze past and present data to solve real business problems. A lot of actuarial work is about risk management: assessing how likely an event may be and the costs associated with it. The traditional areas in which actuaries operate are:

• Consultancy
• Life Insurance
• General Insurance
• Pensions and other benefits
• Investment Management
• Risk Management
• Health Care

Why Strathmore University?

Our Brand Education
Strathmore shapes global leaders for tomorrow. Our market-oriented courses, industry linkages and opportunities outside the classroom, provide positive career outcomes for our students in the chosen fields.

Mentoring
Strathmore University has a mentoring system in which one-on-one sessions between mentor and students aim to bring the integration of knowledge, skills and values down to the personal level.

Our Graduates
Employers attest that Strathmore graduates distinguish themselves by their work ethics and discipline.

International Experience
Strathmore provides global exposure to students through international academic trips to expand their knowledge.

“BBS Actuarial Science has equipped me with the required knowledge to tackle practical issues arising in a business environment. The course enables one to think critically on the ever changing problems arising in a business.”

Akoth Mercy - Britam (2015-2016)
